

# The science of ENGAGEMENT

## 2.0

## Using emotions to power campaign performance

1. Triggering serious emotions deepens subconscious relationships

4. Using lighter emotions is sometimes more appropriate

2. Meet your campaign objectives by triggering serious emotions

5. Content-led marketing helps to create and reinforce memory structures

3. Intrigue but don't confuse

6. Make sure your brand gets noticed

7. Showcasing the right emotions drives social media referrals

8. Video drives bigger brand uplifts
